

week 2

Monday 10 July		
Morning	09:00 - 10:30	Photovoltaic Systems: Performance, Reliability and Emerging Challenges in O&M Dr. I. Tsanakas (INES)
	10:30 - 10:45	Coffee break
	10:45 - 12:15	Photovoltaic Systems: Performance, Reliability and Emerging Challenges in O&M Dr. I. Tsanakas (INES)
	12:15 - 13:00	Lunch
Afternoon	13:00 - 14:30	Photovoltaic Systems: Performance, Reliability and Emerging Challenges in O&M Dr. I. Tsanakas (INES)
	14:30 - 14:45	Break time
	14:45 - 16:15	Return of experience from real PV system inspections (Case Study) Dr. I. Tsanakas (INES)
	16:15	Free Time

Tuesday 11 July		
Morning	09:00 - 09:45	Fundamentals of Energy Systems Design Dr. M. Belhaouane (HEI)
	09:45 - 10:30	Introduction to Modelling and Simulation Dr. M. Belhaouane (HEI)
	10:30 - 10:45	Break time
	10:45 - 12:15	Introduction to Energy Performance and Financial Feasibility Software Dr. M. Belhaouane (HEI)
	12:15 - 13:00	Lunch
Afternoon	13:00 - 14:30	Introduction to CFD Modelling of PV Panels Dr. M. Belhaouane (HEI)
	14:30 - 14:45	Break time
	14:45 - 16:15	Hands-on Simulation (Parallel Groups) Dr. M. Belhaouane (HEI)
	16:15	Free Time

Wednesday 12 July		
Morning	09:00 - 10:30	Students Presentation / Assessment
	10:30 - 10:45	Coffee break
	10:45 - 13:00	Students Presentation / Assessment
Afternoon	18:00	Closing Session – Dinner (included)
